Union Pacific Makes Gain on New York Supreme Court Decision.

BELL & CO. WILL CLOSE

Old Banking Firm to Go Out of Business-C. & O.'s Report for Eight Months.

By W. STEALEY.

Hope of an early decision from the Interstate Commerce Commission gave an improved tone on the New York Stock Exchange yesterday. Steel closed 63%. Reading 166, Copper 77%.

The most important news yesterday from a market standpoint was the denial of the motion of the Equitable Life Assurance Society to prevent the Union Pacific

ance Society to prevent the Union Pacific from distributing its holdings of Baltimore and Ohio stock by Justice Greenbaum, of the New York Supreme Court. On this Union went up to 160%. As Union went up Baltimore and Ohio declined to 89%, on the theory that a good deal of that stock which is now locked up in the Union Pacific treasury would come on the market. The stock rallied, closing at 894.

would come on the market. The stock rallied, closing at 89%.

The news in Copper circles and in Steel circles, which generally more or less resemble one another, are entirely different, the Copper reports being optimistic, while those of Steel are as bad as it is possible for them to be, and so far even the improved sentiment in regard to the probable decision by the Interstate Commerce Commission in the rate case, which would mean a better consumption demand for steel by the railroads, had had no offect on improving sentiment in Steel circles. Orders continue to fall off, and a heavy curtailment in production is almost certain this

WALL STREET NEWS.

Cotton exchange seat of E. F. Hutton yesterday was sold to J. B. Clews for another at \$12,000, as compared with the last previous sale of \$11,000.

Curb Market Association rules that con-tracts in Wayland Oil and Gas may be settled by delivery of the stock upon one day's notice. All trades on and after today are to be regular way, unless other-wise specified at the time of trade.

There is evidence of accumulation of the copper shares. This buying has been large in the aggregate. Not only are in-vestors buying, but odd lot purchases and speculators of shrewdness are believers in enhancement of prices in the near future. There is an expanding outside interest on account of the earning power shown in the midst of general depression.

The annual saving of train miles by the Pennsylvania Raliroad, as a result of its policy of retrenchment and cancila-tion of passenger trains, will be approx-imately 4,140,000 miles. Of this amount 2,90,000 will be on the Eastern lines, and 2,100,000 miles on the lines west of Pitts

The trains taken off the lines west of Pittsburgh, on the Pittsburgh, Fort Wayne and Chicago Railway, is the first step taken on the company's Western lines to reduce the number of trains in operation.

The number of trains that have either

been taken off, or will be shortly, on the Eastern linea, is 118. The saving of train miles as a result of the cancellation of these 118 trains will be 170,000 miles per month, or 2,040,000 miles per anum.

Lewis Johnson & Co. to A. B. Leach & Co.—The investment situation presents few important changes. The demand for onds is of encouraging proportions, and money is in good supply at iow rates.
With the stock market awaiting an incentive, and perhaps a leader, the lure of cheap call and easy time money is easily resisted. To buy bonds of high grade, even though temporary loans should be made on them, is a reasonably sure form of taking advantage of a 3 per cent money market. If history is to repeat itself, an advance in the bond market will precede any sustained rise in stocks. We see no reason for any abatement in optimism as to the sound-ness of basic conditions.

New York Financial Bulletin: The cost of living will be very much reduced through the unemployment now extending over the country, says a well-informed source. The competition for the so-called luxuries will not be as keen as heretofore. The tariff is reducing the price of food products in various directions. This will take from the high levels charged heretofore. Predictions are being made that the economic situation in this respect will be much improved throughout the United States before the end of the year. Railroad operating ex-penses will no longer eat into the net as in the past few months, according to good authority. It is said the heavy curtailment of labor will check the tendency, for labor has been the chief cause. The March account, and especially the April reports, will reflect the better condition, judging from preliminary estimates. Raliroad labor organizations are reported contemplating petitioning the Interstate Commerce Commission to allow advances in freight rates. This is said to be due to the extensive laying off of employes.

UNION PACIFIC CAN CUT \$80,000,000 MELON

Equitable Life Assurance Company Loses Suit to Restrain Dividend Distribution. New York, April 2.-The Union Pacific

Railroad will be allowed to cut its \$80 .-000,000 melon without court interference Supreme Court Justice Greenhaum today decided against the Equitable Life Assurance Society in its suit to restrain the railroad company from distributing as a dividend to holders of \$216,000,000 worth of Union Pacific stock, \$30,000,000 in cash and stock of the Baltimore and Ohio

The suit was based upon the contention that preferred stockholders of the Union Pacific were entitled to share in the dividend or else have the \$80,000,000 regarded as an asset and held as part of the capi-

WANTS CONTRACTS ENDED.

Express Company Will Go Out

New York, April 2.-With a view abandoning carrying goods by June, the United States Express Company has sent notices to railroad companies asking for the abrogation of contracts it has with them. Notices are being sent out now because the contracts contain clauses of notice of thirty, gixty, and ninety, as the case may be, must be given the railroads of the express company's desire to have

the contracts terminated.
J. H. Biggar, manager of the company's foreign department, is now in Europe winding up the European business. The United States Express has not taken any new business abroad for the last six

FALLING BAR KILLS THREE.

Derrick Collapses and Girde Crashes to Earth.

New York, April 2.—Three men were killed and four others probably fatally injured this afternoon through the lapse of a derrick that was hoisting a ten-ton girder to the top of a moving picture house, in course of construction, in Brooklyn.

The girder had been lifted almost t the top when the derrick snapped un-der the weight. The girder, crashing to-ward earth, smashed a scaffold on which the men were working, hurling the me to the ground, three being crushed

Is This the Kind of Bank You Want to Bank With?

The Munsey Trust Company has a capital of \$2,000,000. It started right, with its capital fully paid in before it opened its doors for business. Capital enough to make it as solid as the "Rock of Gibraltar."

-It pays 2% interest on checking accounts.

-It pays 3% interest on ordinary savings accounts.

-It pays 4% interest on special savings accounts.

Interest compounded monthly (twelve times a year) on the 2 per cent accounts and four times a year on the 3 per cent accounts, and twice a year on the 4 per cent accounts, and interest so figured that the depositor gets a "square deal." There are no rules, no penalties, no subterfuges with us that whittle down the rate of interest; and your money draws us that whittle down the rate of interest; and your money draws interest every day it is in The Munney Trust Company, however long or short the time, and every business day in the year is deposit day.

The Munney Trust Company is a serious, substantial bank, conducted on sound business lines. Its methods are clean, clear-cut, and straightforward. It has no favorites, it treats

clear-cut, and straightforward. It has no favorites, it treats all men the same—treats the big man no better than the little man, and treats all alike, with well considered courtesy. If this is the kind of bank that appeals to you, we should be glad to have you open an account with us. Messured from every angle—the interest we pay, and the way we figure interest, and the strength and substantiality of The Munsey Trust Company—is there any Trust Company—is there any other bank anywhere where you can do as well? Think this over—it is very much worth your while.
